Correction: Journal of Nanobiotechnology (2022) 20: 426
https://doi.org/10.1186/s12951-022-01634-z

Following publication of the original article [1], the authors identified an image duplication problem in Fig. 3b. The corrected Fig. 3 are given below.

In addition, in the Live/Dead cell staining experiments, the culture time of cells and hydrogels should be revised to "3 days".

The author apologizes for any inconvenience caused.

The original article [1] has been revised.

Published online: 08 August 2023

1†Yapeng Lu and Meihui Zhao contributed equally to this study.
